

## PROFILE

My name is Valentín, I am 21 years old, currently a university student and freelancer. I am a person with determination and focus on what I love, programming and training. I have the ability to work well independently or collaboratively, and I am always willing to take on new challenges. Currently, I am interested in growing and developing professionally in the IT world. I have a predisposed, responsible, committed, active personality, and a strong desire to learn.
